Daylight Saving Time Starts Next Sunday Morning

Trains, Buses Will Change Schedules To Meet New Time

Well, here we go again.

Just about the time everyone gets used to one time, a switch is made and confusion results. Then we switch back.

Daylight Saving Time takes effect at 2 a.m. Sunday, April 29 in California, Nevada and some other states. It simply means that you set your clock ahead one hour and instead of that extra hour's sleep in the morning, you will have an extra hour's daylight that evening, but can't fully enjoy it because you will have to get to bed earlier to get up on time.

S P Changes

Like the sleep-loving citizen who must fight his alarm clock one hour earlier, Southern Pacific faces a difficult adjustment to Daylight Saving Time.

For most people, the changeover will be a matter of advancing the hands of the clock one hour. But, for SP, it's not that simple. The railroad's operating officials have already lost more than an hour's sleep adjusting timetables to fit into new connection schedules.

In general, SP trains which cross state lines will remain on Standard Time, while those operating only within a state will begin runs earlier than usual to conform with DST.

Bus Schedules

Pacific Greyhound Lines announced that all of its schedules will operate on a Daylight Savings Time basis in those areas observing the change, effective Sunday, April 29th.

In those sections where Daylight Savings Time will not be in effect, Pacific Greyhound's schedules will operate on Standard Time.

TRUCKEE BOY TO BE MARRIED MAY 5

Invitations have arrived from Post Orchard, Washington, to local friends of Willard Ray Painter to attend his wedding on the fifth of May when he will claim as his bride, Miss Verna Mae Mills.

The ceremony will be performed at 8 o'clock in the evening in the First Christian Church of Port Orchard and a reception will immediately follow the wedding nuptials.

The bride-to-be is the daughter of Mr. and Mrs. Clifford Mills. Painter is the son of Mr. and Mrs. Carl Painter of Truckee and before his departure for the service, the future benedict was popular in the younger set, having attended local schools and later employed by Z Market.

The young couple will probably reside near his assigned post until his discharge from the Navy.

Sunshine Girls Honor Official At Meeting

Caroline Carter of Pomona, grand royal princess of the Pythian Sunshine Girls was honored at the April 18th meeting of the Donner Council No. 13 during her official visit.

Nona Rae Coffey presided at the business session for exemplification of the ritualistic work.

Mrs. Lillian Miller served refreshments, decorated in the birthday motif, honoring her daughter, Mary Ann who was 11 years of age on that date of the meeting.

New officers will be elected on May 2nd, the next meeting of the group.

Freeman To Teach Patrol Class In Nevada

Sergeant Ed Freeman of the Truckee substation of the highway patrol has been assigned to teach a special class in the Nevada Highway Patrol on May 24th. The local sergeant, an expert in patrol procedure, will teach methods of hit and run investigation.

North Tahoe Women Hold Benefit Affair

KINGS BEACH— Mrs. Paul Dorman and Mrs. Carl Sorensen were co-chairmen of the North Tahoe Womens Club's benefit bingo party held Sunday evening at the Crystal Bay Club. The proceeds will go to the cancer drive. Donation containers have been set up in the area to make the drive a success. Mrs. Chester Robertson is president of the sponsoring club.

SPORTSMEN TO NAME OFFICERS AT MEET

The nomination of officers for the coming year— a year which promises to be very important to the sportsmen of the area— will be held during the meeting of the Truckee Outdoor Sportsmen on Friday, May 11. Other matters of importance are scheduled and a big turnout is requested.

School Head Gets New Contract For Next Four Years

The governing board of the Tahoe Truckee Unified School District this week announced approval of a new four-year contract with E. V. O'Rourke, district superintendent, at a salary ranging from $10,000 for the year 1956-57 to $11,000 for the 1959-60 year.

The contract becomes effective July 1 and replaces one which expires June 30, 1957, calling for a $9,500 annual salary.

This action by the board, together with a new salary schedule for some 30 teachers in the district, calling for increases ranging from $500 to $1600 a year, was taken some time ago. Teachers salaries will range from $4,600 to $8,000 yearly.

The Sierra Sun has renewed an agreement with the school officials to be supplied with detailed reports of important actions of the governing board, so that a full report of pending matters as well as final decisions can be reported to interested readers in the district.

Baseball Practice Here Next Sunday

Al Wakefield on Tuesday said that a baseball practice and a meeting to determine the formation of baseball teams will. be held in the local park this evening between the hours of 5 and 7 oclock, weather permitting.

It is hoped that the turnout and enthusiasm is graet enough at this time to clinch the tentative forming of the teams and participate in a league this year.

WORK TO START OF CEMETERY CLEANUP

William Englehart, president of the Truckee Cemetery District announced that work has started in clearing the local cemetery of all rubbish that has accumulated during the winter months in preparation for May 30th, Memorial Day.

Englehart also said the individual graves are to be cleared by relatives or friends of the deceased and they are requested to put any trash in the aisles of the cemetery so that it can be gathered up for disposal by those in charge of the spring cleanup.

DONNER GIRL SCOUTS HOLD BUSY MEETING

A program, reviewing badge work was given at the Tuesday meeting of the Donner Troop of Girl Scouts. Tenderfoot requirements, 2nd class badge and all proficiency badges earned by each girl were included in the afternoon before the singing of scout songs and serving refrsehments.

Mrs. Steve Cozzi, Mrs. Dave Rose, Mrs. Rex Reid, Mrs. Jensen and son Skip were guests and Patsy Jensen of Colusa was welcomed back into the troop.

Taking part in the program were Pamela and Dorette Rose, Steffi Cozzi, Ruth Parkhurst, Judy and Linda Giovannoni, Lois Freeman, Donna McReynolds and Pam and Pat Freeman.

York Resigns Position; Mrs. Madden Returns

George Russell York has resigned his position as secretary at the Tahoe Truckee high school, effective Saturday. Mrs. Lee Madden of Kings Beach, who held a similar position at the school for several years, has been employed on a short-time basis to replace York starting May 1st.

Wolert Sues Firm After Injuries Are Suffered

NEVADA CITY— A personal injury suit for $10,000 general damages plus $2,340 in loss of wages and $816.78 medical costs has been filed in Nevada County Superior Court by Jack Wolert against Peavine Transfer and Warehouse Company, et al.

Wolert in his suit alleges that on November 20th, 1955, he was asked by the agent of the company to help him unload a septic tank and when he mounted the truck to assist he slipped and fell and suffered serious injuries.

Cleanup Program To Be Concluded During Weekend

40 Truck Loads Of Debris Hauled With Much Remaining

Between 40 and 50 big truck loads of trash, discarded household furniture, rotting timbers and debris of all kinds, were removed from homes and yards during the Truckee Volunteer Fire Department's cleanup campaign Saturday and Sunday and carted off to be burned.

Fire Chief N. F. Dolley said the first two days of the concerted drive "barely scratched the surface" and said the same procedure would be carried out this Saturday and Sunday if the cooperation of home owners can be secured.

"We need more help," Dolley declared. "Anyone interested in this project is asked to contact me and we will find him a job. But without cooperation, we will be greatly handicapped."

Trucks for the operation last weekend were supplied by W. M. Englehart, Sr., of the Coca-Cola Bottling Company, Gale Brown, and the high school. All the work was volunteered and those participating did a very creditable service and one which should be applauded vigorously.

The detail will turn out for duty at 10 a.m. Saturday.

PTA PLANS DINNER TOMORROW NIGHT

In observance of Public Schools Week, the Truckee Elementary Parent and Teacher Association will hold an open house and pot luck dinner on Friday, April 27th in the school edifice, beginning at 6 o'clock.

Each family taking part in the affair is asked to take one item, a hot dish, salad, cake or relishes.

Following the get-to-gether and dinner, displays of the children's work will be on exhibit in the rooms and all families of the district are urged to attend.

Members of the planning committee for the event include Mesdames Russell York, Glenn Miller, Lester Braasch, J. Vind, and Dan Horman.

PLANS PROGRESSING FOR FIREMEN BENEFIT

Fire Chief N. F. Dolley today announced plans are going forward for the annual benefit dinner and show for the Truckee Volunteer Fire Department's building fund set for Saturday, May 5th at the high school cafeteria.

A varied menu is being planned and a program of entertainment arranged.

Tickets for the affair are on sale with all members of the department.

WYETHIA WOMEN TO HOLD FRIDAY LUNCH

Members of the Truckee Wyethia Women's Club will hold a luncheon Friday, May 4th at 1 p.m. at Brown's Cafe. Reservations should be made with Mrs. Nace Firpo at Cabona's Store.

DeLOY HARTS ARE PARENTS OF SON

Mrs. DeLoy Hart and son, Stephen Laurence, are at their home here, following the boy's birth on April 10th at Auburn.

The child weighed 7 pounds and 5 ounces on arrival and was greeted by two brothers and two sisters. Mrs. Eva Roderick of Auburn, the children's grandmother was a visitor of the Harts for several days, last week.

DALYS ARE PARENTS OF BABY DAUGHTER

Gail Louise are the given names of the daughter born Sunday to Mr. and Mrs. Derrold Daly of Truckee at Tahoe Forest Hospital.

The little girl's arrival weight was 6 pounds, 3 ounces and the attending physician was Dr. D. L. Nelson.

In City—

Tom Grow returned this week from a trip to San Francisco.

SUNBEAMS

By WALTER M. BARRETT

Have you ever stopped to think that within the next few years, if present schedules are met, that more than $50,000,000 will be spent in this area? That is perhaps as much as has been expended on facilities in the region during its entire history, and coming as it will, in a comparatively short time, it poses a problem for preparedness. We have highway projects in the region which will exceed $20,000,000, a large portion of the $43,000,000 Washoe project appropriation will be spent here and last, but by no means least, the $5,000,000 for the 1960 Winter Olympic Games. No plan that we know of has been advanced to prepare the region for this big bonus. Our housing situation is not adequate even for those who would come here under normal conditions. Currently our schools, hospital and other public agencies are handling their programs adequately and without strain, but with the influx of hundreds and even thousands, that condition may suddenly become critical. We are without a city, and no organization to obtain needed and available municipal assistance. Our county officials may do their level best to give us aid in preparing for eventualities, but they have limited power and any aid rendered must be spread over the rest of the unincorporated parts of the country. We wish the answer was simple, but it is not. It presents a very difficult problem. We believe many of our difficulties could and would be solved through incorporation thus providing a local government, but apathy will never get us even that far, and unless we take some definite step before long, it will be too late for us to get full advantage of the benefits which could come from the anticipated gigantic spending program.

Father, Son Each Prove Home Accidents Are Frequent In Same Place

Statistics showing that accidents frequently occur in the home can be verified by both Reg Smart and his father, Ed. The former last week gashed his head on a pipe protruding from his basement.

Several stitches were taken to close the wound.

The victim's father had a similar experience with the same pipe earlier this year.

Drvier Posts Bail After Charge As Drunk Filed

Paul A. Smith, Denver, an unemployed cook, was freed on $263 bail when he appeared before Judge F. W. Wilson on a charge of drunk driving, Mrs. Rose Hamilton of Broderick was sentenced to 10 days in jail for violating the county sobriety ordinance.

The two were arrested Friday by State Patrolman Carroll Maynard after the officer noticed their car traveling up Donner grade with both front wheels badly out of line. It was later revealed the vehicle had rammed into an embankment, causing the trouble.

Although Smith had only a few dollars when booked at the county jail, when Judge Wilson set the bail, he protested it was pretty high, but unlaced a shoe from which he pulled a roll of bills and deposited the sum required.

Patients

Benny, three year old son of Mr. and Mrs. Ralph Garcia has been a Tahoe Forest Hospital patient this week. Another young child there is Douglas, the four month old son of Mr. and Mrs. Emory Lander. Mrs. G. Gini is also a patient in the hospital.

CLUB TO MEET

TAHOE CITY— The Squaw Valley-Lake Tahoe Ski Club will hold a meeting Friday, April 27th, at the Tahoe Community Center at 8 p.m. Election of officers for the year beginning June 1st is scheduled.

Donner Museum Must Await Next Budget Hearing

Recent Budget Provided For Land Purchase Near Present Site

Hopes for a long-desired museum at Donner Memorial State Park in the near future faded this week when it was revealed that all of the money allocated during the recent legislative budget session will be used for acquisition of land and none for the proposed museum.

Earl Hanson, assistant chief of the division of beaches and parks at Sacramento, advised the Sierra Sun that although the original intent of the item in the budget was for a museum, somewhere along the line it had been changed and a final study of the bill proved that no provision had been made for the structure.

State Senator Harold T. Johnson, who has consistently fought for the museum, in addressing a joint meeting of service clubs here last week, declared the item was intact and that the museum was assured. The senator apparently had been misinformed on the final status of the bill.

Hanson said that he regretted the mixup of information, but gave emphatic assurance that the division is earnestly considering the museum plans and he had no doubt it can be included and approved in the next budget.

HELICOPTER MAKES FLIGHT TO SQUAW FROM RENO MONDAY

First helicopter flight between Squaw Valley, site of the 1960 Winter Olympic Games, and downtown Reno was completed Monday afternoon when California's Lt. Gov. Harold 'Butch" Powers and Nevada's Lt. Gov. Rex Bell stepped out of a 'copter in the valley at 3:20 p.m.

Dick Peck, test pilot for Hiller Helicopters at Palo Alto, said he fought a steady headwind for 50 minutes after leaving the roof of the Riverside Hotel in Reno, considerably later than the anticipated arrival time. The whirligig came straight up the valley floor and landed in the parking circle no more than 50 feet from Squaw Valley lodge.

Eager spectators and skiers, who had been awaiting the helicopter's arrival, quizzed Lt. Gov. Bell about his ride. The Nevada official claimed he had enjoyed a smooth ride, except for a few minor disturbances in the air.

On hand to greet the Sierra helicopter pioneers were state senator Harold T. Johnson, Roseville, Mary Lambie, president of the Helicopter Transport Service which will fly the copter service between Reno and Squaw Valley starting late this fall; Alex Cushing, president of the Squaw Valley Development Company; Mrs. Shirley Latreille, wife of former National Ski Champion Yves Latreille; and Mrs. Cynthia Pravda, Texas-born wife of Austrian ace Chris Pravda.

MRS. YORK HONORED AT AFFAIR HELD HERE

Mesdames Gilbert Kumle, Lawrence Nelson, Jack Neugebauer were hostesses in the home of the latter on Thursday evening when they gave a party and surprise shower for Mrs. Russell York.

Games were played and later the guest of honor was presented with gifts. A buffet supper was served from an attractively appointed table at the close of the evening.

Rowton Injured When Gas Explodes In Home

Ralph Rowton of Soda Springs is under the care of a specialist following an accident three weeks ago when his eyes were burned by a flash of ignited gas. At the time Rowton suffered hand burns and the case was further complicated by a sliver of steel being taken from the injured eye.

Works In District—

Mr. and Mrs. James Leamon and son of Sutter Creek are visiting friends and relatives here while the former is working near the California-Nevada border for the California Fish and Game Department.

Sacramento Man Is Critically Hurt In Auto Accident

Harley Mohr, 38, Sacramento, is near death in a Reno hospital as a result of an automobile accident at Boca on Highway 40 Friday night at 11 o'clock. The victim's scull was crushed in the mishap.

According to state patrolmen, Mohr was driving west when he lost control of the big sedan on a curve and the car crashed into a huge rock along the road and was demolished.

No one was injured Monday at noon when vehicles driven by Robert Siebold of Truckee and Sherman Reams of Soda Springs collided on the main street.

In a second minor mishap Tuesday morning east of Truckee occupants of a car driven by Alice Dickerman of Wisconsin Rapids, Wis., and a forest service truck operated by John Schindler of Tahoe City ,escaped injury when the vehicles collided.

Changes Made In School Faculties

Reg Smart, president of the board of trustees of the Tahoe Truckee Unified School Dstrict, announced that with the exception of five, contracts with all teachers in the district will be renewed prior to the deadline on May 10th.

Those who have resigned are George Boyle and Mrs. Matilde di Suvero of the high school faculty; Hugh Smith and Mrs. Jean Manetta of the Truckee Elementary School and William Carrico of the Donner Trail School.

At the same time he announced the employment of Stanley Drakulich as physical education coach. James Brehler has been reemployed as part time physical education instructor and dean of boys.

Mrs. Olia Tiffee, third grade teacher, has been advanced to the fifth grade in the Truckee elementary school and Arleen Roth will teach the third grade, Mrs. Tiffee replacing Smith who is leaving for Mt. Diablo.

John Stever was elected as fourth grade teacher in the Truckee school and Mrs. Dee B. Osborn was employed to teach kindergarten. Lynn Kishbaugh was named principal of all the elementary schools, with a head teacher being assigned in each of the four elementary schools.

NEW MEMBERS OF CSF ARE INITIATED

Last Thursday evening, the Tahoe Truckee California Scholarship Federation Chapter held their annual initiation of new members in the high school cafeteria. CSF president, Judy Loynd, directed the ceremony with assistance from Karen Decker, Carol Street, and Linda Loynd.

The new novitiate members who were admitted to the society are JoAnne Palmer, Judy O'Neill, Sandra Frank, Janice Grey, and Harry Wood. The group's faculty advisor, Thelma Finger, presented to Judy Loynd and Gary Anderson their life membership awards.

The seal representing this award will be embossed on their high school diploma. Only five people from Tahoe Truckee have achieved this honor. Charlie Cushman provided entertainment for the evening with a variety of piano selections. Refreshments were served following the ceremony.

Parents Are Warned As Juveniles Drive Vehicles

It behooves parents of juveniles to see to it that their children refrain from operating motor vehicles without proper licenses.

This warning was issued by Patrol Sergeant Ed Freeman, who pointed out that parents of such children will be cited to appear in juvenile court in event of violations.

Another practice which the sergeant warned against was riding bicycles on sidewalks. The practice, he said, is dangerous and is a violation.

Guest Feted—

Mrs. Lloyd Everett was hostess on Monday evening when a group of friends presented Mrs. Jack Neugebauer with a gift. Cards were played and refreshments were served.

Road Problem Is Believed Solved By New Aligning

State Agrees To Proposal To Provide Room In Gateway Area

Supervisor H. G. Loehr is in receipt of word from the division of highways at Marysville that the northern edge of the right of way for the proposed freeway through Gateway Park will be at least 100 feet south of the southern edge of Spring Lane.

This announcement is expected to eliminate any protest, since the new road will be south of all dwellings, subdivided lots and will provide ample space for any future development of hospital facilities.

Loehr said that as a result of the action, he will urge passage of the required resolution waiving the necessity of a commission hearing at Tuesday's session of the board of supervisors.

The Nevada County Board of Supervisors delayed until the May 1st meeting action on a proposed resolution waiving the necessity of a meeting by the California Highway Commission on a portion of U.S. Highway 40 currently designed to bypass the main part of Truckee.

Supervisor H. G. Loehr said the delay was found advisable to give highway engineers an opportunity to more clearly define details in this immediate area, particularly in the Gateway Park section the southern part of which will provide the suggested right of way .

Property owners in that area petitioned the engineers to give them an accurate line of the new freeway and to keep it as far south as possible and not molest the homes and Tahoe Forest Hospital any more than possible. It is understood at the southernmost street at Gateway will form the northern border of the freeway under present planning and if the new road could be moved another 100 feet south without disturbing the alignment plans, residents there are hopeful it will be done.

Will Cooperate

Contacted in Marysville by the Sierra Sun this week, William Sherwood, assistant district engineer and Blair Geddes, traffic engineer, said they are studying plans and think there will be no doubt the request can be granted.

"We will keep the freeway just as far south as possible in that particular area," Sherwood declared. "There may be engineering difficulties which we have not yet found, but it appears now that we can comply with the request."

Hospital Involved

It was pointed out that the future expansion of the hospital depends upon land which belongs to the district immediately south of the present building. If that block can be spared, Administrator J. J. McGlade said, it will be a very important thing to the hospital in the future.

Property along the south side of Spring Lane has been subdivided and the owner, Richard Joseph, is anxious that that area be kept out of the right of way if possible to provide for new home sites, vitally needed in the growing community.

Resolution Assured

State officials gave every assurance that every step would be taken to protect as many property owners as possible and still provide an adequate freeway.

Loehr said J. W. Trask, district engineer, will attend the May 1st meeting for the purpose of explaining to the board the alignment of the proposed freeway at that particular point.

One or two other minor changes, none of which will affect the present alignment, are being studied by the engineers and it is expected the resolution will be passed without argument at the meeting next Tuesday.

STORM HERE BRINGS FIGURE NEAR 1951-52

A typical spring storm, featuring a mixture of rain, snow and hail, had deposited only .02 of an inch of moisture here up to this morning. This brought the total for the month to 1.74 inches and for the season 47.01 inches. This latter figure is only .40 of an inch less than the 47.41 inches recorded on the same date for the "big winter" of 1951-52, the U. S. Forest Service reported.

Eastern Star Meeting Scheduled For Tuesday

The regular stated meeting of the Eastern Star Chapter of Truckee will meet Tuesday night. Past Matron Ida Crandall will be chairman for the evening's refreshment and entertainment, and the meeting will honor the deputy grand matron for the 13th district, Mrs. Margaret Spring of Auburn. This will be her official visit to Truckee Chapter and all of the work will be exemplified for her approval.

Mickie and Bud Mandeville, worthy matron and worthy patron will preside in the east.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO —(CNS)— it is somewhat fortunate for the state of California and the citizens therein that men whose convictions supercede what sometimes is popular opinion, serve in high office.

Reference is made to the decision of the state supreme court in what is known as the Cahan case, which involved illegal search and seizures. In that case, the state supreme court held that evidence illegally obtained is inadmissable in a court case.

Thus, a check was put upon police officers in California who might without proper search warrants, enter homes, seize evidence, and convict individuals through having obtained such evidence without due process of law, and in violation of provisions of the state and national constitutions which prohibit illegal search and seizure.

The decision naturally brought forth some caustic comment from law enforcement officers of California, particularly from Clarence Linn, who is chief assistant attorney general of this state. Linn declared the decision was a "Magna Carta for the criminals."

In a speech recently, Justice Jesse W. Carter, of the state supreme court, pointed out that there is probably no problem more delicate or fraught with more serious consequence to both officer and private citizen than the proper exercise of official power in a criminal investigation.

"We have on the one side," he said, "the right of the citizen, protected and guaranteed by fundamental law— to be secure in his person, home, papers and effects, which should include his automobile, against unreasonable search or seizure.

"On the other side, we have the officer, whose sworn duty it is to detect law against violation and ap prehend those who may be guilty thereof. On this side, the interests of the public are at stake."

The Justice said that "what the critics want is the right to search anybody or any place at any time without a warrant or cause for belief that a crime is being committed. If it were not the rule in the Cahan case, an officer could stop any automobile and not only search the automobile but the people riding in it, and if they had suit cases, brief cases or packages, could open all of them and examine every article contained therein."

He also pointed out the futility of suing officers who conduct unreasonable searches.

Justice Carter pointed out the Supreme Court of California said 35 years ago that officers must "obey the law yourselves in obtaining evidence of law violation, or the evidence obtained will not be admissible in the courts of this state." Since the statement, he said that "there has been a rising tide of lawless conduct by some of the law enforcement officers in their attempt to obtain evidence and this lawless conduct has been given the sanction of the court of California until the Cahan decision."

In closing his address, Justice Carter recommended that a declaration by the legislature of the state be obtained, holding that a public official, who has sworn to support the constitution, is guilty of serious misconduct in office when he openly encourages the willful violation of the constitution on unreasonable search and seizure, and may be removed from office for such conduct.

A laboratory flask, symbolizing the Chemical Industry, is presented to Governor Goodwin J. Knight by R. L. Geiler, President, A. R. Mass Chemical Co., State Chairman for the 1956 CHEMICAL PROGRESS WEEK observance. The Governor signed a proclamation designating April 23-28 as a week of tribute to this industry, expressing the hope that "more young people will be encouraged to investigate the advantages of training for careers in industrial and research chemistry."

HIGHWAY COSTS IN STATE UP THIS YEAR

SACRAMENTO —(CNS)— Highway construction costs in California during the first quarter of this year rose 7.7 per cent over 1955, the state department of public works reported.

The department said costs rose 3.2 per cent over the fourth quarter of last year and 16 per cent over the first quarter of 1955.

Department officials predicted further rises in the cost index during the current quarter because construction labor contracts will be coming up for renegotiation.

EXAMINATIONS FOR PARK ATTENDANTS

Outdoor life in some of California's beautiful natural settings is offered to men who pass the examination for state park attendant scheduled for May 26th. Some state park range positions are being reclassified to the newly-created position of state park attendant, the State Personnel Board pointed out.

The jobs, which pay $295-$325 a month, require a year of experience in construction, building repair, park or forestry work. Final application date for the test is May 4th.

Other state civil examinations soon to be held are clothing factory foreman, $276-$458, with a final application date of May 4th; barber inspector, $341-415, cannery supervisor, $395-481 and assistant personnel analyst, $436-$530, all with an application deadline of May 11th.

Further information and applications may be obtained at State Personnel Board offices in Sacramento, San Francisco and Los Angeles, and at all Department of Employment offices.

Committee For Aging Named By Governor

SACRAMENTO —(CNS)— Gov. Goodwin J. Knight's office announced appointment of eight members to the citizens' advisory committee on aging.

Knight named William H. D. Brown, Los Angeles, as chairman of the group, and Joseph T. DeSilva, Los Angeles, as vice chairmen.

Other members appointed were: Charles T. Root and Mrs. Jacqueline Myles Smith, San Francisco; Mrs. Blanche Perren, Beverly Hills; Mrs. Edna Boon Russell, Atherton; Dr. Richard Kloss, Paradise, Mrs. F. Wheeler, Sacramento.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Nice Weather

Beautiful weather is with us once again, and this time we hope Spring will stay for a normal length of time. Tahoe City is beginning to buzz with seasonal activity at last, and the summer people are getting settled in their homes again. Also progress and construction are on the rebound once more around the local vicinity.

Finish Project

First of all the maintainance crews have finished up this week on the water service line through the heart of town, completing the laying of 565 feet of six-inch main to supply the recently added service, and also the new standard size fire hydrant for the central area's business block, bordering on the Truckee River outlet.

New Business

Wm. G. Cook of the city has started excavation this week on the new business block project on Grove Street and the lakeshore, which work he has been planning through the past winter. He is now busy putting in the foundation near the lake for his own residence which he will move from its present site for the dwelling will afford an excellent view of the lake and shoreline.

Real Estate Office

On the main highway just below the Tahoe City Y, a new real estate office building is now in process of construction, and is about half completed. The property was recently leased from A. A. Nyquist by G. M. Stinson of San Francisco. The building is expected to be completed and ready for opening about May 1st. Stimson indicated that he plans the building of several other realty offices in various lakeshore localities this summer, mainly in the Crystal Bay vicinity. It is reported he intends to employ twelve real estate salesmen in all to operate these places.

Mains Return

Mr. and Mrs. Fred Main, who spent the past winter at their Laguna Beach home, returned to their lakeshore residence here for the summer season during the past week. Main, who is associated with N. R. Mayfield in the Tahoe Boat Company here, is opening that business for the summer season. The boat company has received several car loads of new boats at the Tahoe City docks during the past week.

Lake Visitors

Among Tahoe summer residents who visited their lakeshore homes during the past week were the following: Mr. and Mrs. Clarence Breuner of Sacramento, who spent a few days looking over their summer place and getting it ready for the seasonal opening; Mr. and Mrs. Bruce Dorman and family, from the Bay region, who enjoyed the mid-week period in their Sunnyside summer home; Mr. and Mrs. Brooks Walker, also home owners at Sunnyside Beach, and J. Carroll Skinner who entertained a party of friends in his lakeshore home near Homewood. Skinner, whose permanent residence is in Lodi, has just recently returned from a tour of Europe, on which he spent a great deal of time during the winter.

Resident Expires

Tahoe friends were saddened last week when notified of the passing of Mrs. Edwin Letts Oliver, in her winter home in Piedmont. Mrs. Oliver was a summer resident on the lake for many years in the past. Edwin Letts Oliver, her late husband, passed away very suddenly at his lakeshore home here only two years ago. Surviving Mrs. Oliver are her daughter, Mrs. Fredrick Greenlee, her son ,William Oliver, and another son, Edwin Letts, Jr.

Anderson Guests

Mrs. Dorothy Post of Reno, with her daughter Dodie Post, formerly of Squaw Valley, were over-night guests last week in the A. M. Anderson home in Tahoe City. Dodie returned, on the weekend, to the Ernest K. Gann home at Pebble Beach where she is presently employed.

Here For Summer

Mrs. Celeste Daniels, who has spent the greater part of the past three years operating a business of her own in Las Vegas returned to Tahoe City this week, and will posibly remain here for the summer season. At present she is visiting at the home of her sister and husband, Mr. and Mrs. A. M. Henry.

Club To Meet

The next meeting of the Squaw Valley-Lake Tahoe Ski Club will be held at 8 p.m. on the evening of April 27th in the Community Hall in Tahoe City. At this time Wayne Poulsen of Squaw Valley will be the main speaker of the evening. Poulsen will speak mainly on his impressions of the ski sports center, Cortina, in the Italian Alps, and of last winter's Olympic events in Italy. Poulsen spent some time during the past winter witnessing the ski sports activities in that vicinity.

Tahoe Items

Kent Snyder employed by the Parker Construction Co. at Lake Tahoe was married at Grass Valley on April 6th to Miss Helen McCauley of Grass Valley. The service took place at Carson City, Nevada.

Mr. and Mrs. George Kehlet arrived from Palm Springs to prepare their Meeks Bay Resort for the season.

The George Kellys have changed their Sacramento address for one in Glendora.

The T. L. James who have been in Sacramento are returning to their Lakeshore Resort at Tahoe Vista.

Mr. and Mrs. J. M. Siple have returned to Tahoe Vista after spending some time at Glendale. They are happy to be back and said that they kept in touch through the columns of the Sierra Sun.

Mr. and Mrs. Fred Kilner are arriving from Laguna Beach to attend to their Tahoe City business.

Mrs. M. C. Hart is back from San Jose, staying at her Tahoe Vista place.

Mr. and Mrs. Robert Tonini of Tahoe City returned early this week from Morro Bay where they visited Mr. and Mrs. Ben Tonini and Mrs. Hazel Nelson.

Clarence Beavers of Tahoe City entered a Reno hospital on Tuesday for a throat operation.

Keep It Polished

It's money in your pocket in the long run if you keep your car's finish in good condition, says the California State Automobile Association. Polishing and waxing an automobile at least twice a year will pay off not only in pride of ownership but also in trade-in allowance when you are ready to buy a new car.

Tahoe-Truckee School District News

TRUCKEE ELEMENTARY

KINDERGARTEN: We are making a drum for rhythm band out of a nail keg. Beverly King and Phillip Risden painted the outside with red enamel this week.

FIRST GRADE: Donny Whiteneck, Gail Englehart, Kathy Braasch, Susie Olano, Timmy McLane have been writing original stories during language period.

Karen Hedlund, Nicky Kenyon, Cathy Braley, Sandy Miller and Twila Lee Barber are reading in a new book this week.

SECOND GRADE: We have been doing creative writing in language arts. Poems were written by Diana Pankoke, Courtney Lewis, Charles Hintz, Alexandra Cushing, Doug Nelson, and Candy Hamilton.

THIRD GRADE: The third grade has been writing poems, stories and conversations in their creative writing period.

Those making a perfect score in spelling were Douglas Hagen, Jimmy Roth, Dennis Stumbaugh, Stevie VanSickle, Danny Garcia and Tony Kenyon.

FOURTH GRADE: The writing of personal letters and reports are important in language arts program. Outstanding letters were written by Arlene Novak, Dick Ingalls and Jack Arterburn.

We have been working on written reports of California Missions. Outstanding reports have been turned in by Ronald Brown, Richard Sorani and Jeanne Croxen.

FIFTH GRADE: We have been studying syllables. People who turned in good papers on this quiz were: Mary Ann Miller, Janice Eaton, Gene McGihon, Joe Straub, Dennis Whiteneck, Pam Rose, Janice Roth, Mike Kenyon, Jim Grady, Lloyd Kunkler and Jerry Kirby.

SIXTH GRADE: We have all written a business letter, in order that we may know the correct form.

At present Julia Fuentes, Lila Frates, Karen Smart, Donna McReynolds, Francie McGwinn, Kathleen York, Terry Ellis, Dorette Rose, Pat Freeman, Charles Glenn, Barry Leamon and Patty Finnegan are writing various South American Consulates.

We have missed Patty Finnegan, who is on vacation; Francie McGwinn, who is ill; and Jane Kaupp, who is absent.

DONNER TRAIL

The apple boxes, the wood, the nails, and the ideas are pouring in for our work projects for May. Each Friday afternoon in May we will devote time for a manual work project of our choice. Painting, staining, nailing, and the reading of prints we will all learn.

Next week we will prepare for our open house and party. We will play games, have a dinner, and have a grab-bag drawing. Everyone is invited and we think that we will have over seventy people attending.

KINGS BEACH

KINDERGARTEN AND FIRST GRADE: On Tuesday, April 12, our entire class went on a field trip to see a farm in Reno. Mr. Mankin, of the University of Nevada Agricultural Division, escorted our tour. Adults who were with us were Taffy Bisio, Kay Campbell, Enola De Gregorio and Shirley Wagner. Mrs. De Gregorio took movies of the trip.

We were happy to have Andy Tompkins' mother visit our room this week.

Some of our class worked on farm murals this week. Susan Clackett, Kathy Chastain, Wendy Howell, and Cathy Rockholm did one mural, and Jay Bisio, Shari Decker, Ann Felte and Andy Thompkins did another.

Greg Pope and Martha De Gregorio each won a prize for selling the most tickets to the P.T.A. chicken dinner.

SECOND AND THIRD GRADES: Daily we have been going into Miss Knudsen's room to rehearse songs for the District music festival, May 4th.

Wayne Mandeville brought a record for our enjoyment.

We drew posters for the Masonic Contest. We used the following slogans: Come see my school, Come visit our school, and Public Schools Week.

There are three new children in our room: Jeffrey Hewitt, and Terry and Wendy Boatmen.

Frances Howard and Virginia Baker showed us how they made crepe paper roses.

Darryl Lausche and Leta Laborde are the winners in the ticket selling campaign for the P.T.A. chicken dinner last week.

Every one of the thirty five children in our room got one hundred percent in his or her spelling test this Friday.

Mrs. Wanda Brooks visited our class during reading time, Wednesday. Carl was happy his mother came to visit.

FOURTH, FIFTH AND SIXTH GRADES: The social study unit on ranch life in early California is progressing according to plan.

Andy Sorensen of Tahoe Vista was kind enough to lend the class two branding irons and a bar scale. This week the children will brand with the irons if the old cow and deer hides arrive.

Dewey Tachovsky of the sixth grade this week went into the blacksmithing business. The ranchers of the territory who want small wire brands made see Dewey and he in a short time presents them with their iron.

Also in the territory of Mexi-fornia the Mission San Luis De Bisio this week was under the leadership of Carol Schefick. Carol is the one who sells the cattle to the ranchers.

TAHOE LAKE

KINDERGARTEN AND FIRST GRADES: Tahoe Lake kindergarteners and first graders are studying birds this week.

SECOND AND THIRD GRADES: Along with preparations for the music festival Mrs. Farr's classes satrted their spring science with the life stages of the butterfly with diagrams and cut outs to panel the science corner.

FOURTH, FIFTH AND SIXTH GRADES: The spelling contest among the fourth, fifth and sixth graders is progressing and is very competitive.

Preparations for Public Schools Week are being made. Open House at our school wlil be Thursday, April 26th. The faculty, with the assistance of the P.T.A., is serving a spaghetti dinner for the purpose of raising funds for the scholarship that is given each year by the Tahoe-Truckee Educational Association. A large turnout is anticipated.

The winning posters in the recent "Our School Poster Contest" will be on display. Three awards were made to students in Tahoe Lake School. They were awarded to Cathy Conners, 2nd grade, Chris Shickler, 3rd grade, and Fred Heggie, 6th grade.

Getting Up In The World

IT WAS A WOMAN DRIVER! Kennett, Mo., policeman holds chin in disbelief as Mrs. Harrison Clay, Flint, Mich., explains how she drove car up guy wire where it hung at this precarious angle. Damage to car—bent hub cap.

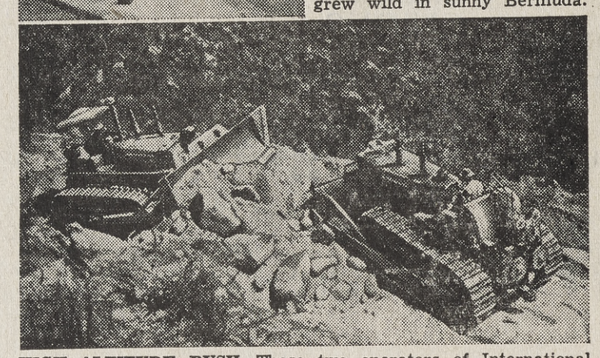

STILTED CONVERSATION — These two carnival performers make sure they have no "eavesdroppers" while relating some tall tales on a London street corner. The occasion was a festival in Soho, a famed quarter of London. (World Wide Photos)

EASTER LILY BERMUDA STYLE—Susan Selley, 19-month pretty youngster looks up to this giant Easter Lily. Susan would have to travel up 6 ft., 7 in., to reach the top of this stalk which grew wild in sunny Bermuda.

HIGH ALTITUDE PUSH—These two operators of International TD-24, 200 hp, 20-ton bulldozers, seem to be trying to out-push each other. Actually, they are helping to build a road on top of a mountain for the U. S. Marine Corps near Camp Pendleton. Over 65% of the 320,000 cu. yds. of material being moved is rock, but it is child's play to these two giants.

STRICTLY STRICKLAND

By Bill Strickland

See by the papers, that the Silver Belt Meet at the Sugar Bowl is the wind-up of the ski season. That is, all of the papers except the Sierra Sun. We know that skiing isn't over, and to prove our point, we invite you to drop by Soda Springs and see for yourself. The hill is alive with skiers and has been all week. It isn't the usual crowd either, these fellows are all using the upper half and really cutting some fancy di-do's. It isn't very often that you get a gang together like this one.

Of course I'm talking about the Instructors Convention. You watch them all, and each one looks a little better than the previous one. Then along comes Dick Buek and the instructors all stop and watch. We've skied and watched skiing for quite a few years, but this is one Donnybrook everyone should know about and be able to watch.

We've talked to the old time instructors like Bill Klein, Luggi Foeger, Sepp Benedikter, Mutt Horton, Edvi Aro, Johnny Pohansen, Ed Heath and Bud Zorich. We've watched the young ones like Lutz Aynedter, Eric Johnson, Heinz Steinmann & Randy Schachtili and we anticipate the successes of Jimmy Baker, Jim Winthers, Jerry Michavich, Vic Roumage and a fellow from Long Beach named Bill Strickland (no relation) as candidates. All in all— about 250..

We remember one of the first conventions with an attendance of somewhere around twenty-three. It's a good organization, with good purposes, and is now really starting to grow.

Chris Pravda walked off with the Silver Belt race last weekend and consequently with the Belt itself— a three time winner. We understand the belt is worth around $1,500 so that is quite a trophy. Jim Baker placed third and Gardner Smith (watch this boy) from Reno, fifth.

Sally Deaver won the girls race with Babette Haueisen from Soda, a good fourth in spite of the still sore leg she banged up in the Roch Run three weeks ago.

Dennis and Muriel Jones stopped by Sunday. They are coming back for the last couple of days of the Instructors Convention. How many of you remember Dennis' "California School of Skiing"? It was copyrighted, and also the first organized school in the west.

Dispute Arises On Use Of Tax On Port

A question as to whether or not the proposed Truckee airport committee is entitled to the $2,500 earmarked by the board of supervisors for a survey of the local field, was raised at a meeting of the Nevada County Planning Commission Tuesday night.

Supporters of an airport at Nevada City have contended, according to C. Edmunds, a member of the commission and staunch supporter of a local field, that the state's airport gas tax refund to the county cannot be used for the purpose intended.

As a result of the controversy, the planning commission is consulting with the California Aeronautics Board to determine the answer.

Supporters of the Nevada City field are desirous of having the allocation used there.

In the meantime a master airport survey of Nevada County was ordered made for the purpose of determining all available locations for air strips as well as currently available field. This is necessary before the state can participate in the proposed local development, Edmunds said.

Edmunds said he would advise E. V. O'Rourke, chairman of a local committee formed to promote an airport near Truckee, of the turn of events so that the committee can take any necessary action.

IMPROVEMENTS ON SHORTCUT WILL BE MADE THIS SUMMER

AUBURN— Supervisors have employed Norman Andregg, a licensed surveyor, to head a crew to prepare plans and specifications for the Truckee-Kings Beach shortcut road, now known as County Road No. 151.

The project has been declared a federal state road and Andregg will prepare the plans and specifications for presentation to state authorities.

A scale of pay ranging from $3.50 an hour to $6 an hour was set for the crew to be chosen by Andregg for the work .

Traffic Court Appearances

Under a new law, a motorist has ten days instead of five in which to appear in court because of a traffic violation, reports the California State Automobile Association.

Dates Announced For Summer Term

SACRAMENTO— The Second annual Lake Tahoe summer session of Sacramento State College was announced Friday by Dr. Harold B. Roberts, dean of summer session at SSC.

Classes in art, music, dramatics, and natural science will meet in the Tahoe City elementary school from July 9th through August 17th. Students may register for two weeks at a time, or for the entire session.

A special feature will be a Symposium in the Creative Arts, meeting each evening throughout the session. It will be a combined course in art, music, drama, and possibly science.

Paul Beckman, associate professor of art at SSC, will be coordinator. Beckman has worked in sculpture, painting, and print-making, and has exhibited his work in the Crocker Gallery, and Des Moines Art Center, Oakland Art Gallery and elsewhere.

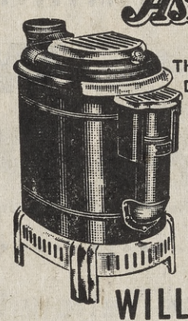

Music courses will be taught by Dr. Richard Carpenter, SSC pianist. Dr. Carpenter, was a concert performer with Army Special Services in North Africa and Europe during World War II, and taught music education at Teachers College of Columbia University for seven years before joining the SSC faculty in 1952.

Dr. Robert L. Livezey will teach classes in the natural sciences. He has published 15 technical works, and has taught at Oregon State, Cornell, and Notre Dame.

Classes in dramatics will be conducted by Dr. Carl Thomas, former director of the Main Line Theatre in Philadelphia and professor at Pomona College. He joined the SSC faculty in the fall of 1954, and since then has directed the college's active dramatics program.

Courses will begin Monday, July 9; Monday, July 23; and Monday, August 6. Most classes will be conducted during morning hours, and may be taken for college credit or on an auditing basis.

Help keep our roadsides clean

Carry a trash bag in your car!

Elementary and secondary students in classrooms of Sacramento Valley will be looking at a colorful "Keep Our Roadsides Clean" poster after the last week of April.

Distribution of 200,000 such free posters in the seven western states, Hawaii and Alaska is nearing completion as part of Standard Oil Company of California's 1956 highway cleanup campaign.

The company is also promoting roadside cleanliness by sending out more than one million inserts to credit card customers, commercial accounts and all persons requesting travel information.

W. H. Haines, Standard's Sacramento regional manager, sent the posters to the principals of the individual schools with a letter outlining the need for awakening a sense of individual responsibility in every person who uses roads and highways.

"We feel," he said, "that these posters, each telling the Spic and Span story, will reach the junior members of society who are essential to the success of the campaign."

HIGHWAY ACCEPTS ROUTES FOR 40 IN AREA WEST OF HERE

SACRAMENTO— The California Highway Commission today adopted freeway routings for two sections of U. S. Highway 40 in Placer and Nevada counties.

One section is between approximately one mile west of Gold Run and Blue Canyon Road in Placer County, a distance of 14.2 miles. The other section is between Hampshire Rocks in Placer County and Soda Springs in Nevada County, a distance of 5.6 miles.

The routes adopted are those recommended by state highway engineer G. T. McCoy. For the section between west of Gold Run and Blue Canyon Road, the freeway route follows the existing highway with some line changes to eliminate sharp turns. For the section between Hampshire Rocks and Soda Springs the freeway route runs parallel with an just to the south of the existing highway. The present highway will serve as a frontage road or local service road upon completion of the proposed freeway.

A public meeting called by the division of highways was held in Auburn February 14th at which the recommended routes and possible alternatives were discussed. Subsequently the boards of supervisors of Placer and Nevada Counties adopted resolutions stating that a public hearing on the matter was not considered necessary. In March the commission announced that it would consider the adoption of freeway routings at its April meeting or at a subsequent meeting.

Plans of the division of highways call for the construction of a four-lane freeway over the two sections of U.S. 40. The section between west of Gold Run and Blue Canyon Road would cost approximately $8,000,000 and that between Hampshire Rocks and Soda Springs approximately $2,065,000, including rights of way. Start of construction will depend on the availability of future state and highway funds.

LAKE LEVEL

TAHOE CITY— The level of Lake Tahoe Monday stood at 6227-.35 feet with all gates into the Truckee river closed. Only a trace of precipitation was recorded during the week and temperatures ranged from 30 to 59 degrees.

LICENSES GRANTED

CARSON CITY— Two major casinos on the north end of Lake Tahoe, Cal-Neva Lodge and Bal Tabarin, were recommended for seasonal gambling permits last week by the Nevada State Gambling Control Board.

NEW BOOK

A new book, "Patty Reed's Doll", a story of a famous doll which was carried across the continent by a member of the ill-fated Donner Party, has been published by Rachel Kelly Laurgaard, instructor at a Sacramento college. The book is recommended for children from eight to 12 years old.

Blackened forest land is ugly and useless; help prevent waste of forest resources by being careful with fire.

Work Of Tahoe C. Of C. Depends Upon Fund Drive

LAKE TAHOE— The Lake Tahoe-Sierra Chamber of Commerce has a big job scheduled for the coming months and to what extent this work can be done depends largely upon the support received from the members and others interested in the continued development of the lake.

In a detailed report to members this week, Don Huff, Homewood, president of the chamber, called attention to the urgent need for additional folders, the necessity of suport for the two contemplated airports— one at the south end and the other near Truckee, and assistance in promoting the area in preparation for the 960 winter Olympics, and other promotional activities.

Huff said in his report that a number of events are scheduled for the coming summer and that as soon as a few dates are settled definitely, a schedule will be mailed to members.

The report sressed the need for a new highway in the vicinity of Emerald Bay and told of the activities of the chamber and George Canon, chairman of the chamber's highway committee, to have this project completed as soon as possible. J. W. Trask, destrict engineer for the division of highways, has assured the president, Huff said, that everything possible will be done to have this important lateral opened early.

A report on the San Francisco Boat Show showed that thousands of Tahoe advertising pieces were distributed by Norman Mayfield, Herbert Obexer and George Phillips. The supply was completely exhausted and requests are still pouring in from all over the country.

Huff, in reporting the winter activities of the chamber, pointed out that while the office at Tahoe City has been closed as an economy measure, all the work has been done by the secretary, Mrs. Myrtle Carnell of Tahoe City and by the president at their respective homes. The latter has handled all the mail and replies for information on the lake.

It was also announced that C. W. Vernon of Tahoe City has resigned his office as treasurer because of pressing personal business, and that Stan Meyer of Al Tahoe has been appointed in his place.

The most urgent need at the moment, Huff pointed out in his report, is response from members and others to lend financial assistance to the program. The president is following a sensible trend of limiting any spending to the cash on hand and pointed out that the amount of advertising and development by the chamber hinges on support available.

It is expected that a meeting of the membership will be called in the not to distant future at which time details of the summer planning can be discussed.

EITHER-SEX DEER HUNT HEARING SET

Public hearings for the proposed either-sex deer hunting during the last three days of both the coastal and inland deer seasons, and for eight proposed special deer hunts, have been set by the Fish and Game Commission.

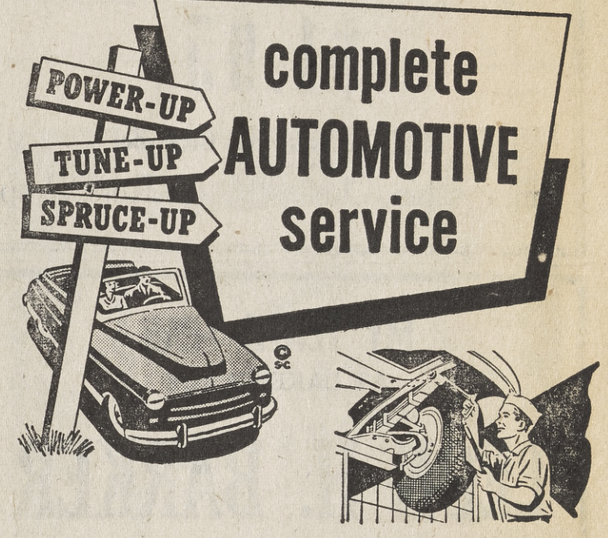

The action was taken at the April meeting of the Commission in Sacramento, at which time recommendations for the 1956 hunting season were heard.

Hearings for the 3-day either sex hunts include:

Sacramento- May 8 at 2 p.m. in Room 166, Education Building, for Plumas, Butte, Glenn, Amador, Yuba, Calaveras, San Joaquin, Sacramento, Yolo, Solano, and parts of Sierra, Nevada, Placer, Eldorado and Alpine counties.

The average depth of the Bering Sea is 4714 feet.

Theresa and Tom Sutton are now back at their home in Kings Beach and it is their intention to make this their permanent residence.

Tom has been director of the North Tahoe Public Utility since its inception in 1948 and is a candidate for reelection at the

SPECIAL ELECTION
Tues., May 1

Starting in a small way, the directors have, through economy and careful management, developed the sewer system in a most satisfactory manner, now taking in all of Brockway Hill north of the highway as well as Crystal Bay— the later extention going a long way toward absorbing the expense to the tax payers. Likewise, other extensions westward and northerly all help to not only improve the overall position of this area, but ultimately reduce costs to the tax payers.

A VOTE for . . .
TOM SUTTON
means
Continued PROGRESS

NORTH TAHOE

By JUDGE HARRY CHARRISON

New Club

Last Saturday night Crystal Bay was all ablaze with neon lights, with Joby's brilliantly lit as usual, and the new Crystal Bay Club lights that are out of this world, reaching way up on top of the building, the front all cleared ready for the big convention and that convention all ladies, well— supposed to be, but you know these husbands, just can not let the ladies out of their sight even for a harmless convention. Believe me, they know how to run things, providing we leave them alone they know how to run things in a real dignified way, too. We Lions and Rotarians could take a lesson from them.

Left on Trip

A. E. (Ace) Abbott left for Los Angeles last weekend for a good rest, and believe me he has surely earned it. Nobody knows how much work he really did and sometimes 24 hours a day and we all have to admit he did a masterful job. It is with regrets that we hear of his retiring from his job as manager of the North Tahoe Utility District. We hope that his future will be both profitable and enjoyable.

Came Back

Mr. and Mrs. E. M. Frost are among those that have arrived from their winter homes. Fontana was their particular home, that is where their daughter and son-in-law live. They are building a home at the top of Fox Street. Paul and Pearl Koltis are back and getting ready to open up their Pines Pantry Cafe.

Improvements

Bob and Mrs. Davis and children of Pine Cone Cafe and motel on the highway are back, and according to Bob they are contemplating building more cabins and also to change over the restaurant some, and the best news they plan on staying in next winter.

Better

Saw Alta Elder the other day and she was telling me that Ray was so much beter after his serious accident a few months ago in which he fractured both of his heels. They have been out for some time, but say they will be back at Kings Beach where they have a nice home.

Opening Soon

Now it's George and Martha Mortsen that have arrived from Pasadena where they staved all winter. George owns the George's Grocery opposite the Ashtons apartments in Kings Beach. Nice to see them.

Won't Be Long

Jerry and Elsa Culbertson, owners of the Hudson House Variety in Kings Beach are up, and working like beavers to get everything in readiness for the opening in the very near future. I was in there today, Sunday, and got the surprise of my life to see the amount of goods they will have for sale, literally hundreds of items. Good business, Jerry.

Nice Store & Home

Was also talking to John Palmer of the Riveria Shop, right in the center of fast growing Kings Beach. He tells me they will carry a large amount of men's clothes this season as well as the fabulous assortment of ladies wear. The Palmers recently bought a nice home at the foot of Dollar Hill.

New Owners

The new owners of Silver Crest, Mr. and Mrs. Lyn Ribal, are busy already making improvements. They are building some office space because he, too, is in the real estate business. More the merrier, huh?

Friendly New Comers

It's funny how sometimes you go around and meet someone, and you feel that you have known them for a lifetime. That's how I felt when I had the pleasure of meeting the new owners of Gold Crest Lodge, Mr. and Mrs. Edgar Schofield. They will, I am sure, be a big asset to our beautiful community and I am sure we all welcome them to our midst and wish them happiness and success in their new surroundings.

Adding

Milo Browne, Garden Motel, Kings Beach, is building an addition of two sleeping apartments on the rear of his beautiful apartments on the highway in Kings Beach. Milo is also in the road contracting business. Dave Ashton is doing the work on the building.

New Engineer

Glad to welcome Eddie and Pearl Francis, the new engineer for the North Tahoe Public Utilities. Eddie has taken over the position that Ace Abbott had since the utility was formed. It is quite a big job and we wish Eddie Luck.

Champs

Once again we find that the Hulbert girls have been sweeping everything before them at the Nevada Junior Livestock show. The Hulbert twins, Joan and Jill, age 17, by winning championship honors for the second year in a row in the swine division, Jill was named grand champion with Joan taking second honors as reserve champion. Then Jill went on to take the winning ribbon for the best pen. We offer our congratulations to these Kings Beach girls, their ranch is owned by Mr. and Mrs. Noel Hulbert of Minden and Kings Beach.

New Business

Our friends and neighbors Harvey Klitzke and Don Bailey are now in their new business and it's called Tahoe Maintenance Service. We wish them well in their new venture.

Good Reading

Would you like to have the Sierra Sun delivered to your P. O. box? If you go out during the winter it is sent to you, wherever you are, if you wish. This weeks new subscribers are Carol Howard, Audrey Welch, Eda Judy and Jerry Culbertson. Phone either the writer, or the Sierra Sun direct, Truckee 161W, if you would like this newsy paper.

Bake Sale

Mrs. Judy informes me that the W.S.C.S. is sponsoring a bake sale to be held at 10 a.m., Saturday, April 28th at the Stop 'N Shop. A lot of good, home cooked items will be offered and buyers are asked to be early for best selections.

Daughter Arrives

Mr. and Mrs. Bill Valentine (he was known as Bill Hall here) are the parents of a baby daughter, Debbie, born at Palo Alto on April 19th. The little girl weighed six pounds, two ounces.

Headlight Blindness

If you've ever been blinded by the headlights of another car at nnght, you know it takes several seconds before you can see clearly again. The Californa State Automobile Association says that temporary blindness from glaring lights can last as long as three seconds. If you are traveling forty miles an hour you will cover one hundred and seventy-six feet in that time.

Special schools for telephone people

The young lady at right is putting in her first day with the telephone company. Actually, she's in school, training at a practice switchboard to be an operator. In the same way, lots of other people with no telephone experience have become skilled in telephone work. We run many different schools for our employees, to train them as linemen, service representatives, and so on. This special schooling helps telephone people build better careers for themselves. And it also means your service is always in the hands of well-trained people. The men and women of Pacific Telephone work to make your telephone more useful every day.

Seen "Telephone Time" on TV?

"Telephone Time" is a new dramatic TV series, on home screens in the Pacific West for the first time this month. It is narrated by John Nesbitt and based on his own true stories gathered the world over. This Sunday, "Telephone Time" brings you a suspense story called "Away Boarders". It tells of a risky and important capture during World War II of the German submarine U-505. Each week there will be stories of heroism, comedy, history or warm human emotion—always true, always entertaining. Make "Telephone Time" a regular Sunday viewing habit. Please check your television log for local time and station.

Ancient Truckee Newspaper Gives Items Of Interest

Two ancient but well preserved copies of the Truckee Republican, one published May 7, 1879, when Crowley & McGlashan were the editors and the second dated May 15th, 1880, with B. J. Watson, publisher, are possessed by William Englehart, Sr.

The earlier issue carries an installment of the first writings of the History of the Donner Party, by the late C. F. McGlashan, printed as the first history of the ill-fated group, many of whom perished near here more than 100 years ago.

5c Beer

This same issue is filled with interesting events when the newspaper was published twice a week and sold for $6 per year (in advance). The fronts of both papers were then filled with advertising, a couple of columns inside being reserved for the happenings of the day. The ads indicate a trend of the times when the Champion Saloon featured Boca beer at the fountain for five cents a glass and the Tahoe House at Tahoe was operated by William Pomin and was kept open all winter and from where the Steamer Niagra sailed for other points on Tahoe every Tuesday.

F. Burckhalter featured a complete line of general merchandise, dress goods were selling at 10 to 20 cents a yard and John Millett was offering good meals at 25 cents and a good spring bed at 25 cents per night.

Many Lodges

Lodges were flourishing with Summit Temple, Knights of Pythias meeting every Friday night, the Odd Fellows of Donner Lodge 162 every Saturday and the Masons of Lodge No. 200 on every Thursday evening. More than a dozen fraternal organizations were thriving. Post office hours were from 7:30 a.m. to 8 p.m.

The Capitol Restaurant and Billiard Parlor under the management of W. H. Hurd, featured fresh oysters, chickens, turkeys and wild game along with fine wines and liquors, three new billiard tables and a 15-ball pool table.

The news columns heralded the fact that at the election in Stockton, the Republicans elected their entire ticket by majorities ranging from three to four hundred while at Napa the Citizens ticket won over the Workingmans ticket with a majority of 250.

Donner History

The proprietors of the Republican respectfully announced that on the first day of May they opened the subscription lists for the History of the Donner Party, to be issued in book form. This history will be an octavo volume, neatly bound in cloth and will contain between three and four hundred pages. It will not only comprise the information theretofore published in The Republican, but will give thrilling personal experiences of the survivors while at Donner Lake. The price of the book will be $2 and will be sent to only those who accompany their order with cash.

$30,000 Prizes

Lewison's were offering ladies stockings at 25 cents a pair. Neat, nobby and nice suits sold at $8.50 and fresh honey was 8 cents a pound.

A first prize of $30,000 was offered in the grand distribution of the Commonwealth Distribution Company in the grand total of $120,400. Whole tickets were $2, half tickets $1. The drawing was slated for May 31, 1879 in Louisville, Ky.

And so it was in Truckee some 80 years ago.

Sir Francis Drake destroyed the Spanish fort at St. Augustine, Florida, May 27, 1586.

FISH AND GAME TO ADD MORE WARDENS

Men who meet the requirements for fish and game warden are asked to file their applications no later than May 11 for the civil service examination to be held June 2, the State Personnel Board announced today.

Besides having a year's experinece in fish and game, state park, forestry or law enforcement work, applicants must be in physical condition, with a minimum height of 5'8", and the ability to swim 100 yards or more.

The position pays $358-$436 a month.

Applications and additional information can be obtained from State Personnel Board in Sacramento, San Francisco and Los Angeles, and at any Department of Employment office.

Travel Shows Big Gain For March

Once more travel over U.S. Highway 40 through Truckee is beginning to climb and during March the local station stepped into fourth place as a point of entry on the California border.

The monthly report shows there were 25,063 cars, 3,631 commercial vehicles and 597 buses, carrying a total of 92,108 passengers checked into the state last month.

This was a gain of nearly double over the February figure of 15,942 and was 2,000 in excess of the count for March last year.

The only stations surpassing Truckee last month were Blythe, Fort Yuma and Yermo, all in southern California.

On U.S. Highway 50, the Meyer station reported 8,598 cars, 352 trucks and three buses, with passengers totaling 22,920. That marked a gain of nearly 5,000 cars over February and 4,000 over the March, 1955, figure.

State-wide travel into California during March this year was approximately 70,000 cars above March, 1955, the report shows.

None of the figures include east bound vehicles nor local cars.

SUMMARY OF THE PROCEDINGS OF THE BOARD OF SUPERVISORS

Thursday, April 19, 1956

The meeting convened, pursuant to adjournment with all of the members present.

The minutes of the meeting of April 2nd were read to the Board and ordered adopted without change.

The Board approved a letter to the Regional Director of the Bureau of Reclamation requesting a preliminary water survey on the Bear and Yuba River basins, and authorized the Chairman to sign and forward the same.

It having been pointed out that a minor change should be made in the routing of the new freeway around Truckee, the Board agreed to have Mr. Sherwood, Assistant District Engineer, present at the May 1st meeting. The matter was called to the attention of the board by Mr. Charles Vind who will be present with a delegation on that date.

The Board accepted a contract surety bond from Kirkpatrick & Lane on the new maintenance shop and ordered a labor and materials bond immediately.

Members of the Board were authorized to attend a meeting of the Supervisors Association of California at Sacramento on April 27.

The Board approved an amendment to the contract with the State Department of Health, extending the poliomyelitis vaccination program to June 30, 1957.

A resolution was adopted placing the Indian Springs road from Rte. 15 to county primary road 11 as a county primary road, a distance of 5.7 miles.

At the request of the Road Commissioner, the County Purchasing Agent is granted the sum of $50.00 per month out of road funds and is designated as an assistant clerk for the Road Commissioner. This is in addition to his duties as Purchasing Agent.

The Board ordered the Chairman, Supervisor Clark, R. J. Steger and County Surveyor J. F. O'Connor to inspect the new Mooney Flat Bridge before it is accepted from the contractor by the Board.

Mr. Dan Harmon of Donner Lake is appointed a member of the County Board of Trade in place of Jack M. Neugebauer.

Mr. Rex Thomas was appointed a member of the Board of Directors of the Truckee Fire District in place of R. N. Little, resigned.

The Board advised Tax Collector Elma Hecker to advertise the delinquent tax list in the Sierra Sun, The Nevada City Nugget and The Union for the 1956 year.

No further business, the meeting adjourned sine die.

R. E. DEEBLE,
County Clerk and Ex-Officio Clerk of the Board of Supervisors.

Transferred To Reno—

Sam Costa has been transferred to Reno by the Sierra Pacific Power Co. Mrs. Mosta with the couple's children joined him there on Saturday to establish their home. Mr. and Mrs. John Rablin are now living in the Costa house.

KINGS BEACH BOY WINS HONOR IN POSTER CONTEST

KINGS BEACH— Vern Wing, art student at King's Beach Elementary School, won a commendation certificate in the nationwide school safety poster contest conducted by the American Automobile Association and its affiliated clubs, it is announced by the California State Automobile Association.

Wing's art instructor at the school is Katherine Wing.

A total of 8,456 entries were submitted to the contest by primary, elementary and high school students from the United States and Canada.

This year's grand prize winner is Richard Rios of Modesto High School, Modesto.

Approved by the National Education Association, the contest is conducted by the AAA to obtain designs for posters forcefully presenting specific traffic safety rules which are used for hallway and classroom reminders to school children.

Each school year the CSAA distributes more than 300,000 of these posters and other instruction material dealing with traffic safety to more than 2,500 schools in central and northern California and Nevada as a public service.

Monday Final Date To File Unemployment Tax

Monday, April 30th, is the deadline for filing California Unemployment contribution returns for the first ment Insurance wage reports and quarter of 1956, Scot C. Harrington, Auditor in Charge for the State Department of Employment in Placerville today reminded employers.

Penalty and interest will be charged if the report is filed after the deadline, Harrington said.

Employers needing assistance in preparing their returns may contact Scot C. Harrington, Auditor in Charge at 640 Main St., Placerville or by telephoning 167.

ON VACATION

Ernest Iniechen, closed his barber shop this week and will enjoy a motor vacation in the south before reopening May 15th.

Sees Father—

Chester Zunino of the Wilton district was a Thursday visitor with his father, Jerry Zunino.

To Live In Watsonville—

Mrs. Maurice Franzini who has been a guest of Mr. and Mrs. William Englehart left yesterday with William Englehart, Jr., for Colfax and Watsonville. Mrs. Franzini will make her home with her brother, Herbert Johnson, in the Valley city.

Patrolman Visits—

State Patrolman Frank Dare of Colfax was working in the Truckee district this week.

Scadden Improved—

Philip Scadden, former accessor of Nevada County has returned to his Nevada City home following an illness of several weeks. He has recovered sufficiently to receive visi-

In South—

C. Edmunds is attendng a public utilities convention in Los Angeles this week.

In Hospital—

Christine, 7½ months old daughter of Mr. and Mrs. Leo Smisek, is critically ill in a Reno hospital under the care of a specialist for a respiratory condition.

It was certainly a pleasure to see so many loads of debris being hauled to the dump this past weekend by our volunteer firemen. Let's make this community much cleaner and free from fire hazards.

Have you noticed the work going on over at the S. P. Depot. This is one of the projects that we requested last year. The new green siding they are installing will certainly be a pleasant addition to our town when completed.

We have again lost our museum at Donner Memorial Park. The $150,000 that we thought was appropriated by this session of the legislature for the museum is to be used for land acquisition. It appears to the writer that the park already has enough land and it would be more logical to continue to develop the land that they already have. Large acreages owned and controlled by the state are of no benefit to the people if they lay undeveloped.

Our area is faced with a problem that is rapidly becoming critical, the shortage of adequate housing, to take care of the needs of the families that want to move to our area. Our available sites for new developments are very definitely limited, due mainly to accessibility, water supply, road development, etc.

New housing must be developed soon if we are to grow and prosper as we should in the next few years, this is something that every progressive minded citizen should be thinking about now.

Remember that Tuesday May 1st is your chamber's regular meeting nite at the high school cafeteria ,the time 7 P.M. Let's all come out and pool our ideas for a bigger and better community.

—Hal Welch

RECORDS SHOW STATE TRAFFIC INCREASES

SACRAMENTO —(CNS)— The number of automobiles entering California during March totaled 244,205, compared with 223,669 for the same month last year, the state bureau of plant quarantine reported today.

The number of cars from other states was 122,495 and the number of California cars 121,710.

This compared with 113,762 and 109,907 during March a year ago.

The bureau reported the number of passengers arriving in California by highway totaled 701,831, compared with 631,300 a year ago.

Trucks numbered 30,066, a gain of 1,297 over March, 1955.

Of the number of auto passengers, 312,009 rode in cars from other states, compared with 290,077 n March of last year.

PRAVDA WINS BELT IN SUMMIT MEET

SUGAR BOWL — Christian Pravda,, 29, Austrian born star of the Sun Valley Ski Club, in winning Sunday's Silver Belt giant slalom became the first slat speedster ever to score a clean sweep of the four major races which each spring climax the western ski season.

Second place went to Tom Corcoran, the American Olympic team ace from Portsmouth, NH., who has followed Pravda around the spring racing circuit and had finished right behind the Austrian open class competitor in the preceding Silver Dollar Derby at Reno, the Alexander McFadden Memorial in Squaw Valley and the Harriman Cup at Sun Valley.

There was a two second spread between the friendly rivals yesterday, Pravda blitzing through the 39 control gates of the ⅞-mile course down Mt. Lincoln in 1:09.3, while Corcoran made it in 1:11.3.

The women's division was topped by Sally Deaver of Whitemarsh Pa., in 1:21.2 down the same course used by the men. Mary Lind of Aspen, Colo., was second in 1:25.1, followed by Laurie Wakeman of Tahoe Valley in 1:26.3.

5,000 Attend Opening Of New CHP Office

More than 5,000 people, including 2,000 school children from 20 schools visited the new California Highway Patrol office at Bowman last Thursday. Sergeant Ed Freeman of Truckee, assisted by other members of the Placer Area squad, arranged the affair which was most successful.

More than $300,000 worth of equipment, including commercial vehicles, buses and patrol equipment was on display. The open house was held from 10 a.m. until 6 p.m. and refreshments were served during the latter part of the day.

The California National Guard exhibited equipment at the show which was attended by a sizable delegation from Truckee.

CHURCH NOTES

The new district superintendent for the Sacramento-Nevada District of the Methodist Church, Rev. Douglas Ewan, will preside over the business meeting of the Quarterly Conference this Friday at 8 p.m.. Reports for the past year and goals of the coming year will be made by the following persons: Mrs. Winifred Kamp, treasurer; Mr. Bob Frank, finance commission; Mr. Victor McLane, membership and evangelism; Mrs. Eugene Risden, missions; Mr. Eugene Risden, education, trustees and lay leader reports; Sandra Frank, Nona Rae Coffey, and Dane McGihon will report on the MYF groups;. Mrs. Jack Ellis, the Women's Society of Christian Service; and Rev. Osman will make the pastor's report.

There is a film of Christian significance to be shown at the close of the meeting called "Eyes That See . . .". Refreshments will be served by Mrs. Frank and Mrs. Risden.

This Saturday the 28th of April the Intermediate Fellowship will travel to Fallon, Nevada for a subdistrict youth rally. Persons going are Nicky Stone, Sam Medford, Stan Stock, Reg Smart, Merrill Englehart, Nona Rae Coffey, Diane McGihon, and Varien Frey.

Local Girls Will Travel To Placerville For Meet

Thirty girls from Tahoe Truckee High, under the leadershp of Miss Betty Raker, are planning to travel to Placerville Friday afternoon to play in a girls' basketball playday. The girls will leave Friday after school and will be quartered in the homes of El Dorado High School students.

The playday will take place Saturday morning and will consist of four games, each one played by a different team. Each group will have an opportunity to play against El Dorado.

The following girls are planning to attend the playday: Christine Bechdolt, Virginia Speeter, Evelin Stinchfield, Diane Shaver, Duane Pomin, Nancy Marquis, JoAnn Wray, Carol Street, Janice Mandeville, Karen Decker, Bette Robertson, Nikki Ann Wing, Linda Loynd, Judy O'Neill, Judy Vaughn, Sharon Bechdolt, Shirley Taylor, Dorothea Frey, JoAnn Van Hooser, Janet Allen, Carol Ann Quilici, Patty Stinchfield, Sheila Fanger, Marcia Graton, and Lou Potkay.

Tarzan

by EDGAR RICE BURROUGHS

THE APE-MAN HAS JUST CONVINCED THE VILLAGERS THAT THEY MUST TRY TO TRAP THE SHINING ELEPHANT.

...THUS, WHEN MORNING CAME, TARZAN LED A DETACHMENT OF NATIVES INTO THE FOREST. THEIR AIM: TO TRAP THE GLOWING PACHYDERM.

THEY LABORED THE ENTIRE DAY, DIGGING A DEEP PIT IN THE MIDDLE OF THE ELEPHANT'S TRAIL.

THE OPENING WAS CAMOUFLAGED--AND TARZAN TIED A ROPE TO AN OVERHANGING LIMB.

HE DISMISSED HIS APPREHENSIVE WORKMEN AT DUSK, THEN MOVED DOWN TRAIL TO LURE THE GHOSTLIKE ELEPHANT.

TICK VAN BUREN JOHN CELARDO

SOON THE APE-MAN STIFFENED IN CAUTION. HE HAD CLIMBED A HILLOCK--AND ABRUPTLY THE MONSTROUS ROGUE LOOMED BEFORE HIM IN ALL ITS DYNAMIC FURY!

BATHLESS GROGGINS IS ON THE PLANET VENUS BUT HE DOESN'T KNOW IT!

I BEEN TRYIN' FER A COUPLA HOURS T'LET THESE TOMATOES KNOW I'M HUNGRY...BUT (CHOKE) NOBODY AROUND HERE SEEMS T' HAVE AN APPETITE!

SCIENTIFIC NOTE: VENUSIANS HAVE ONLY ONE MEAL A YEAR! POOR BATHLESS HAS 246 DAYS TO GO!!

COME T'THINK O' IT, I REMEMBERS SEEIN' A SANDWICH IN THAT SHACK I BEEN USIN'!

IT'S (CRUNCH! CRUNCH!) BETTER THAN STARVIN' T' DEATH!--BUT NOT MUCH!

RETURN TO EARTH CONTROL

GOT THE QUEEREST NOTION THAT I'M MOVIN'! NOTHIN' LIKE SLEEPIN' OFF A FEELIN' LIKE THAT!

RETURN TO EARTH CONTROL

WHAT HAPPENED T' THE TOMATOES?

T-TOMATOES! DON'T YOU REALIZE, MAN--YOU'VE BEEN TO AND RETURNED FROM ANOTHER WORLD? HAVE YOU NOTHING TO SAY ABOUT IT!

YOU CAN BET YER BRITCHES I GOT SOMETHING T'SAY, BUB--I'M HUNGRY!

AND THAT'S WHY THE WORLD OF SCIENCE IS JUST AS MUCH IN THE DARK ABOUT VENUS AS IT WAS BEFORE BATHLESS TOOK HIS ROCKET TRIP!!!
